INFORMATION

- A. General**
- This District Track and Field Championship Meet is being conducted by the District Committee under the jurisdiction of the Board of Control, P.I.A.A. All contestants must meet P.I.A.A. eligibility rules. Events, conditions, etc., are governed by the National Federation High School rules, with such variations as have been established by the Board of Control, and the Official P.I.A.A. Rules and Regulations Governing Interscholastic Sports Competition.
 - Class A schools are those whose total enrollments (boys and girls) in grades 10 to 12, inclusive, on October 31, 1969, were 800 or more; Class B schools are those with enrollments under 800 in the same grades on the same date.
 - Participants in the District Meet must meet published minimum qualifying standards. Only those boys will compete in this meet whose names have been submitted on "Participants Forms", on the basis of having met the minimum standards twice in prior meets. Continued failure to meet these standards will result in the District Committee being requested to bar offending schools from the District Meet.
 - Should any boy whose name is not on the school entry list, reproduced in this program, and on the "Participants Form," compete in any event; should any boy not named on the school entry list, the program, and the "Participants Form," use the name or number of a contestant whose name is on the school entry list, the program and the "Participants Form," and compete in any event:
 - all points scored in the meet by the school from which the boy who is in violation comes, may be forfeited;
 - all medals won in the meet by the school from which the boy who is in violation comes, may be forfeited;
 - all entries from the school from which the boy who is in violation comes, may be disbarred from the State Meet;
 - the school from which the boy who is in violation comes, may be disbarred from the District Meet the following year.
 - Two participants per school is the maximum permitted in all events except the relay races.
 - No contestant may participate in more than three events, exclusive of the two-mile run. Participants in the two-mile run may not compete in any other event.
 - No post entries, changes in entry lists or Participants Forms, or substitutions, are allowed.
 - Five places will be scored in each event on a 6-4-3-2-1 basis. Medals will be awarded to the winners of first, second, third, fourth and fifth places in each event. Trophies will be awarded to the schools winning the highest total number of points, one to each class. Medals and trophies will be distributed to the winners after each event and at the end of the meet.
 - To keep the field clear of spectators and to have the meet run under proper conditions, athletes not competing in events will keep away from the track during track events and from the field events area.
 - Coaches MUST remain in the stands, unless called for.
 - The price of admission to spectators is \$1.00, including a copy of this program.
 - Seeding for track events and the order of competition in field events were done before the meet.
 - The State Championship Track and Field Meet will be held at Pennsylvania State University on Saturday, May 22, 1971. The classification of schools and the rules for competition are the same as those governing the District Meets. Each of the twelve districts in the Commonwealth may send two teams, Class A and Class B. Each team will be made up of two representatives in each event. In preparing the entry blank for the State Meet, the District Committee will select the contestants that finish first and second in the various events unless notification is given by successful contestants that they will not participate in the State Meet. In such cases the District Committee will select winners of third, fourth and fifth places in order. A relay team will be considered as a "representative" or "contestant." This

INFORMATION (Continued)

State Meet or receiving the second place medal. In the case of ties for other medal-winning places, the Head Field Judge will supervise the toss of a coin to determine the choice of medals, with the points being split.

5. The weight of the shot used in P.I.A.A. meets shall be 12 pounds. The discus and javelin shall conform to N.C.A.A. standards. Javelins must be weighed in and inspected before the event by the officials in charge of implement inspection. Shot and discus used in this meet are those belonging to the District Committee. Rubber discus are permissible and available.
6. At Norristown, hard surfaces are used for jumping events, shot and discus, pole vault, triple and long jumps. Rubber-soled shoes and shoes with pin spikes will be permitted—no others!
7. Coaches and winners in the shot put, discus throw, high jump, long jump, triple jump, pole vault, will note that at the State Meet the surfaces will be hard-surfaced. No spikes will be permitted on the shot and discus circles. Rubber-soled shoes must be worn for these events. Also, the running track is made of composition material, thereby requiring the use of spikes no longer than one-quarter inch.
- Note:—At the State Meet, the shot and discus for competition will be furnished by the P.I.A.A. School-owned implements in these events may be used only in practice.
8. In the high jump, the bar will be raised by two-inch intervals to six feet; by one-inch intervals above six feet. Three consecutive misses will disqualify a contestant.
9. In the Class B pole vault the bar will be raised by six-inch intervals to eleven feet; by three-inch intervals above eleven feet; by two-inch intervals above twelve feet. A total of three consecutive misses will disqualify a contestant.
10. In the Class A pole vault, the bar will be raised by three-inch intervals to twelve feet; by two-inch intervals above twelve feet. A total of three consecutive misses will disqualify a contestant.
11. If weather conditions or district performances prior to the District Meet require it, changes in starting and interval heights will be decided upon at the beginning of the meet.
12. Contestants entered in track and field events that are running at the same time shall report to the Field Event Judge in time to request being permitted to compete in the track event. Report to the field event judge first, and be excused. Such contestants must report back to the field event before the completion of the trials and the start of the finals in the event.

INFORMATION (Continued)

procedure will be followed in making up both the Class A and Class B District teams.

14. Athletes qualifying for the State Meet must be reported by their coaches to Mr. Kauler, Chairman of the Track Committee, and the Chief Scorer, concerning their decision to take part in the State Meet, IMMEDIATELY after the event. The costs of contestants to the State Meet will be borne by the District Committee. Mr. Kauler will be in charge, along with the members of the Track Steering Committee, of the District One teams at the State Meet.
15. If an athlete is competing in a track event scheduled at the same time as a field event in which he is competing, he may be excused by the field event judge to compete in the track event. He must report back to the field event within three minutes after completion of the track (running) event and remain at the site of the field event(s). He must report to the field event(s) for the remaining trials before the completion of the trials and the start of the finals in these field events. Report to the field judge for excusal before reporting to the running event. THIS IS IMPORTANT.
16. In all competition, both track and field, jerseys must be worn inside trunks. No caps, tams, or long stockings may be worn, and all relay team contestants must wear the same uniforms. This year all contestants must wear shoes on both feet. Shoes are part of the track uniform.

B. Track Events

1. Preliminary trials will begin at 9:30 A.M. (Daylight time). Track finals will begin at 2:00 P.M. The District Committee desires the meet to be run off without unnecessary delays. Contestants will therefore report promptly for their respective events.
2. There are no semi-finals in either track or field events. Trial heats will be necessary in some events, but in the 440, 880, one-mile, the two-mile, and all three relay events, only finals will be held. If there are too many contestants for one final in these events, two or more sections will be run, against time, each main place winner being timed. The first five place winners will be determined by their time performances.
3. In all finals of running events, the times of no less than first, second and third shall be taken and recorded.
4. Claims for National and District records in spring events and hurdles events, will be accepted only when information about wind velocities can be furnished. A wind gauge will be used in these events in District Meets. A wind velocity of less than 4.473 miles per hour favoring the runner is required for an application to receive favorable consideration.
5. At both the District and State Meets, the 220-yard dash will be run around one curve.

C. Field Events

1. In the field events, no entries are permitted after the field judge starts competition.
2. In all field events, a contestant shall be charged with an unsuccessful attempt if he does not complete his trial or indicate his passing it, within TWO MINUTES after he has been called for a trial.
3. In the field events (shot put, discus throw, javelin throw, long jump and triple jump), every contestant will be allowed four trials. Immediately afterward, the six best will qualify for the finals with three trials each.
4. For District and State Championship Meets, in the event of ties, points and places will be decided according to Section 2, Rule 5, of the National Alliance Edition of Track and Field Rules.
In case of a tie for second place, the points will be split, and the Head Field Judge will supervise the toss of a coin to determine the choice of going to the

33. B-Triple Jump	2:00
34. A-Triple Jump	3:00
35. B-Discus Throw	2:00
36. A-Discus Throw	3:00

This time schedule is an estimate formed on the basis of past meets. The prompt, efficient cooperation of all boys and officials may be especially required in running events. On the other hand, it is possible that the meet may run faster than the time schedule here calls for. If such is the case, no delays will be set up merely to adhere to the schedule. Each event will be run as soon as the preceding one is finished, exclusive of the break between Events 22 and the finals of Event No. 1.

THE COOPERATION OF COACHES AND CONTESTANTS IS URGENTLY SOLICITED IN HELPING TO REDUCE CONGESTION ON THE INFIELD. ONLY OFFICIALS SHOULD BE IN THE AREA OF THE FINISH. This includes team managers not being admitted to the field or track to run sweat clothing, and camera privileges on the infield being granted only to official press photographers.
